

Dear Maryan the Divine Mercy Foundation friends,

Every blessing to you.

I would like to start this message with a word of thanks for the incredible work that you have enabled us all to do as a charitable foundation. Your generosity in monetary donations as well as humanitarian aids including winter clothing, blankets, coats, hygienic supplies and kid's clothing, was amazing. We were thus enabled to send these supplies in a 40 ft container to Kurdistan. I am thrilled to add that all aids arrived safely and were distributed through God fearing people who were dedicated to the task and took all kinds of risks to deliver the contents to the most needy of the displaced in Zakho, Duhook, Sulaimania and neighboring districts. The number of families who benefited were 940.

According to the experience we gained from previous shipments and through contacting people who are volunteering in those regions, I am happy to say that the Lord enabled us to make a well-thought off deal to buy urgent humanitarian aids that will fill another 40 ft container and is hoped to benefit thousands of people in need.

I would like to add that through the Lord's Providence we were able to gain trust and support of a Canadian Charitable Organization to the extent that we were offered complete sponsorship of the shipment from Canada to Turkey.

At this stage we are aiming at getting the shipment to Kurdistan before the winter season kicks in and the cold weather becomes a source of great discomfort and disease for those living in tents or under poor environmental conditions.

Accordingly, your generosity and support is again urgently needed to raise Ca \$30,000 to make payment for the deal we made to buy the humanitarian aids.

As you remember, our motto is "together we can make a difference". Therefore If the Lord speaks to your heart to engage once more in this ministry of love and compassion to meet basic needs for those struggling to survive, you can make a donation through the following options:
